

**SCREENING CHAPTER 24  
JUSTICE, FREEDOM AND SECURITY**

**AGENDA ITEM 12: BIOMETRICS IN TRAVEL DOCUMENTS**

**Country Session: Republic of TURKEY  
13 – 15 February 2006**

Currently Turkish travel documents do not contain biometric data. However preparations for finalizing e-passports in line with ICAO standards are in progress.

These passports will include a chip in which biometric data including finger prints could be stored.
